

STATE OF HAWAII
NOTICE OF AND REQUEST FOR EXEMPTION
FROM CHAPTER 103F, HRS

11 APR 21 P2:31
STATE PROCUREMENT OFFICE
STATE OF HAWAII

To: Chief Procurement Officer

From: Department of Health/Adult Mental Health Division *m*
Department/Division/Branch or Office

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

| | | |
|---|--------------------------------------|-----------|
| 1. Title and description of health and human service(s): Trauma Informed Care Initiative (TIC IT): Intensive Outpatient Hospital The TIC IT Intensive Outpatient Hospital (IOH) is an Adult Mental Health Division (AMHD) contracted service that operates a minimum of 20 hours per week and provides intensive clinical services intended to help AMHD consumers stabilize their psychiatric symptoms and maintain stability in the community. The TIC IT initiative within the AMHD Community Based Case Management service will result in increased referrals to IOH for trauma informed care, consistent with the goals and means of this service. The goals of this project are to apply a trauma informed perspective to the current system of care through enhancements in screening, assessment, and intervention; embed a recovery framework within the trauma informed system of care through the use of providers implementing Seeking Safety curriculum; and strengthen the trauma-informed care capacity of the Hawaii mental health system through education, recruitment, training, certification, and employment of AMHD consumers to provide evidence-based, trauma-informed peer-to-peer support. | | |
| 2. Provider Name and Address: The Queen's Medical Center Day Treatment Services Kaheihimalie Building 1301 Punchbowl Street Honolulu, HI 96813 | | |
| 3. Total Contract Funds: | \$60,000 | estimated |
| Contract Funds per Year (if applicable): | | |
| 4. Reference number of Previous Request for this Service (if applicable): | | |
| 5. Term of Contract: | Start: Upon approval End: 4/30/12 | |

STATE OF HAWAII
NOTICE OF AND REQUEST FOR
EXEMPTION FROM CHAPTER 103F, HRS

6. Describe how procurement by competitive means is either not practicable or not advantageous to the State:

The AMHD was awarded a 5-year Substance Abuse and Mental Health Services Administration (SAMHSA) grant to transform its public mental health services into an integrated, trauma-informed system of care. These are new, federal service funds which could be made available to existing AMHD consumers and providers immediately. Funding will be used to provide training and support to AMHD state-operated and purchase-of-service providers to use a trauma-informed care approach to enhance the quality and effectiveness of the screenings, assessments and treatment (including peer support services) they currently provide for AMHD consumers.

The AMHD has known for some time that our consumers with severe mentally ill (SMI) and severe and persistent mental illness (SPMI) suffered from emotional trauma. Indeed, trauma-related symptoms (hyper-vigilance, triggering re-experiencing, etc) were often part of why SMI/SPMI consumers went into crisis. Past trauma has been linked with higher rates of co-occurring substance use disorders, relapse, and the use of costly mental health services such as hospitalization.

For the first year of the TIC IT project, AMHD would like to "piggyback" the service onto its existing IOH service contract. The AMHD procured its IOH contract through a competitive process (HTH 420-4-09) and has a contract that provides many of the services that are required under the TIC IT: training, technical assistance to enhance Day Treatment services with trauma informed care, as well as related provider training. Competitive procurement is neither practical nor advantageous to the State because the AMHD IOH contracted provider is working with the same targeted population, and already provides 80% of the work that is required under grant. Competitive procurement would also result in the duplication of effort and additional costs to the State and providers. In addition, it is clinically important to link mental health services under the existing contracts with the additional trauma services, so that care will not be fractured. By providing an enhancement to the current IOH service, the TIC IT project will be able to identify consumers who may need extra cognitive behavioral therapy because of trauma and the continuity of care would not be disrupted.

AMHD's current IOH service is scheduled to end on 4/30/12. If the AMHD continues to receive the remaining projected four (4) years of the SAMHSA grant, a reprocurement of this service will be completed that is in alignment with the trauma informed perspective.

An exemption for the first year of the TIC IT project will enable the AMHD to apply a trauma informed perspective to the current system of care through enhancements in screening, assessment, and intervention; and strengthen Hawaii's mental health system through education, training, and certification. AMHD will amend the contract with the existing IOH service provider to be trained in the specific screening, assessment and treatment practices.

7. Describe the reason for the selection of the provider including a description of how the procedure ensured the maximum fair and open competition practicable:

The Provider selected is an existing, competitively contracted AMHD IOH Provider, which is targeted for improvement by the SAMHSA grant-funded AMHD trauma-informed care initiative.

8. Describe the state agency's internal controls and approval requirements for the exempted procurement: Service and administrative requirements under the contract shall be monitored through AMHD's regular oversight and monitoring procedures.

STATE OF HAWAII
NOTICE OF AND REQUEST FOR
EXEMPTION FROM CHAPTER 103F, HRS

| | |
|---|------------------------------------|
| 9. List the state agency personnel, by position title, who will be involved in the approval process and administration of the contract: Amy Yamaguchi, Public Health Administrative Officer Enid Kagesa, AMHD Contracts Coordinator | |
| 10. Direct questions to (name & position): | Enid Kagesa, Contracts Coordinator |
| Phone number: | 586-8282 |
| e-mail address: | enid.kagesa@doh.hawaii.gov |

I certify that the information provided above is to the best of my knowledge true and correct.
